

# Primary Health Partners

Introducing the **Patient Portal** and **Healow** mobile app to manage your healthcare at home or on the go!

## PATIENT PORTAL

- Ask questions and send messages
- Request appointments, prescription refills and referrals
- Update personal information
- Review lab results, statements and your personal health record (PHR)

## HEALOW MOBILE APP

- Ask questions and send messages
- Manage, organize and request your prescriptions
- View upcoming appointments
- Review lab results and your personal health record (PHR)
- Access multiple accounts from your other portal enabled physicians
- Access and manage other accounts – spouse, children and aging parents

## GETTING STARTED

- Ask a staff member today to enable your account for these functions
- For the Patient Portal, you will be emailed a link to the website, a username and a password
- The Healow mobile app is available for smartphones on  
- You must have an enabled Patient Portal account to access the Healow mobile app
